

Module 1

1.3 Security Guarding:

This may involve but is not limited to:

- Ensuring premises and property are protected in an appropriate and effective fashion against a variety of natural and man-made threats.
- Preventing, detecting and reacting appropriately to the commission of criminal and quasi-criminal actions on or against the property of the client.
- Interacting with law enforcement officials and the justice system, where necessary, such as apprehending and detaining someone who has committed a criminal offence. Security may be able to supplement the efforts of police by securing crime scenes until the police can arrive.
