

Module 6

Bomb Emergencies

- Bomb threats are not common, and most of them are pranks (tricks).
- However, anything that can explode can kill people and destroy property, so all bomb threats need to be taken seriously.
- Never ignore a threat, always treat a bomb threat as if it were serious.
- Even if you believe it to be a prank, you may be held responsible for your actions if you do not take the matter seriously.
- If you receive a bomb threat over the phone:
