

# Module 3

## Drug Effects

- Security guards may encounter individuals under the influence of drugs or alcohol. They need to be aware of the signs of substance abuse as well as the impact of different drugs on human behavior (e.g., suspect going through withdrawal) in order to deal with these individuals in a manner that will ensure personal safety as well as that of the suspect. Guards should have an overall understanding of different types of drugs and paraphernalia, the impact of using drugs on human behavior and how to address individual behavior depending on the type of substance
