

Module 1

1.3 Security Guarding:

- Some security staffs must also have or be willing to obtain required safety equipment and tools at their own cost such as a duty belt, approved black polish- able safety boots, handcuffs and body armor depending on their assignment and as required by the company.
- Staffs must be mature, physically fit according to the job specifications standards and disciplined. Some Guards should have sufficient experience with arrests, intervention and physical confrontations. They must also be able to demonstrate the ability to clearly communicate using a two-way radio.
